

Supplementary material

Subacute Retrograde TAVI Migration Successfully Treated With a Valve-in-valve Procedure

Video 1: Fluoroscopy depicting first prosthesis implantation.

Video 2: Fluoroscopy depicting the immediate results of the first prosthesis implantation.

Video 3: Long-axis view of 2-dimensional transoesophageal echocardiogram immediately after prosthesis implantation.

Video 4: Long-axis view of Doppler transoesophageal echocardiogram immediately after prosthesis implantation.

Video 5: Long-axis view of 2-dimensional transoesophageal echocardiogram after prosthesis migration.

Video 6: Fluoroscopy depicting first prosthesis after migration. The native valve calcium is clearly visible above the prosthesis.

Video 7: Valve-in-valve implantation.
