

Supplementary Material S.2. Reintroduction or reinforcement attempts according to the systematic review

Country	Specie	Family	Conservation Status	Total of Studies
Australia	<i>Climacteris picumnus</i>	Climacteridae	Least concern	1
	<i>Manorina melanocephala</i>	Meliphagidae	Least concern	1
Brazil	<i>Crax blumenbachii</i>	Cracidae	Endangered	1
	<i>Penelope obscura bronzina</i>	Cracidae	Least concern	1
	<i>Penelope supercilialis jacumpeba</i>	Cracidae	Least concern	1
Canada	<i>Athene cunicularia hypugaea</i>	Strigidae	Least concern	1
	<i>Lanius ludovicianus migrans</i>	Laniidae	Least concern	1
China	<i>Nipponia nippon</i>	Threskiornithidae	Endangered	1
France	<i>Aegypius monachus</i>	Accipitridae	Near threatened	1
	<i>Gyps fulvus</i>	Accipitridae	Least concern	1
French Polynesia	<i>Todiramphus gambieri gertrudae</i>	Alcedinidae	Critically endangered	1
Germany	<i>Falco peregrinus</i>	Falconidae	Least concern	1
Indonesia	<i>Leucopsar rothschildi</i>	Sturnidae	Critically endangered	1
Japan	<i>Nipponia nippon</i>	Threskiornithidae	Endangered	1
	<i>Phoebastria albatrus</i>	Diomedidae	Vulnerable	1
	<i>Phoebastria immutabilis</i>	Diomedidae	Near threatened	1
	<i>Phoebastria nigripes</i>	Diomedidae	Near threatened	1
Mauritius	<i>Falco punctatus</i>	Falconidae	Endangered	1
	<i>Foudia rubra</i>	Ploceidae	Endangered	1
Mexico	<i>Ara macao cyanoptera</i>	Psittacidae	Least concern	1
Morocco	<i>Chlamydotis undulata undulata</i>	Otididae	Vulnerable	1
New Zealand	<i>Notiomystis cincta</i>	Notiomystidae	Vulnerable	3
	<i>Petroica longipes</i>	Petroicidae	Least concern	2
	<i>Philesturnus carunculatus carunculatus</i>	Callaeidae	Near threatened	2
	<i>Philesturnus carunculatus rufusater</i>	Callaeidae	Near threatened	2
	<i>Acanthisitta chloris</i>	Acanthisittidae	Least concern	1
	<i>Himantopus novaezelandiae</i>	Recurvirostridae	Critically endangered	1
	<i>Pachyptila turtur</i>	Procellariidae	Least concern	1
	<i>Pelecanoides urinatrix</i>	Procellariidae	Least concern	1
	<i>Petroica australis longipes</i>	Petroicidae	Least concern	1
	<i>Petroica australis rakiura</i>	Petroicidae	Least concern	1
	<i>Porphyrio hochstetteri</i>	Rallidae	Endangered	1
	<i>Pterodroma axillaris</i>	Procellariidae	Vulnerable	1
	<i>Pterodroma macroptera gouldi</i>	Procellariidae	Least concern	1
	<i>Pterodroma magentae</i>	Procellariidae	Critically endangered	1
	<i>Pterodroma pycrofti</i>	Procellariidae	Vulnerable	1
	<i>Puffinus gavia</i>	Procellariidae	Least concern	1
	<i>Puffinus huttoni</i>	Procellariidae	Endangered	1
Panama	<i>Harpia harpyja</i>	Accipitridae	Near threatened	1
Peru and Costa Rica	<i>Ara macao</i>	Psittacidae	Least concern	1
Poland	<i>Tetrao urogallus</i>	Phasianidae	Least concern	1
Puerto Rico	<i>Amazona vittata</i>	Psittacidae	Critically endangered	1
Saudi Arabia	<i>Chlamydotis macqueenii</i>	Otididae	Vulnerable	1
Seychelles	<i>Dryolimnas cuvieri aldabranus</i>	Rallidae	Least concern	1

Supplementary Material S.2. Reintroduction or reinforcement attempts according to the systematic review

Singapore	<i>Anthracoceros albirostris</i>	Bucerotidae	Least concern	1
South Africa	<i>Spheniscus demersus</i>	Spheniscidae	Endangered	1
Spain	<i>Alectoris rufa</i>	Phasianidae	Least concern	1
	<i>Falco naumanni</i>	Falconidae	Least concern	1
	<i>Marmaronetta angustirostris</i>	Anatidae	Vulnerable	1
	<i>Porphyrio porphyrio</i>	Rallidae	Least concern	1
	<i>Otis tarda</i>	Otididae	Vulnerable	1
United Kingdom	<i>Tyto alba</i>	Tytonidae	Least concern	1
	<i>Grus americana</i>	Gruidae	Endangered	5
USA	<i>Gymnogyps californianus</i>	Cathartidae	Critically endangered	2
	<i>Alectoris chukar</i>	Phasianidae	Least concern	1
	<i>Falco femoralis septentrionalis</i>	Falconidae	Least concern	1
	<i>Sialia mexicana</i>	Turdidae	Least concern	1
	<i>Sitta pusilla</i>	Sittidae	Least concern	1
	<i>Tympanuchus cupido</i>	Phasianidae	Vulnerable	1
	<i>Anas laysanensis</i>	Anatidae	Critically endangered	1
	<i>Corvus hawaiiensis</i>	Corvidae	Extinct in the wild	1
	<i>Melamprosops phaeosoma</i>	Fringillidae	Critically endangered	1
	<i>Myadestes palmeri</i>	Turdidae	Critically endangered	1
Venezuela	<i>Amazona barbadensis</i>	Psittacidae	Vulnerable	1
“Alps” (Switzerland, Austria, Italy and France)	<i>Gypaetus barbatus</i>	Accipitridae	Near threatened	1
